Certificate. 165

Name of work:- Providing electric installation in the Venkatesh Temple at Ramdurg.

---

Estimate No. 365 for Rs.1007/-

Certified that the requirements of electric installations provided in the plan and estimate are not covered by the scale laid down in para 406 of the Bombay P.W.D.Manual Vol.1, but are -- recommended as a special case.

Poona, 31st March 1950.

Executive Engineer,
Southern Elec.Dn.,Poona.

MHM/31.3

No. B.M.13. Letter Office of the Supdg. Engr., S.C.,
C.V.Belgaum: 17th March 1952.

From

The Superintending Engineer, Southern Circle.

To

The Chief Engineer, Public Works Department,
Bombay.

Subject :- Providing Electric installation to the Venkatesh temple at Ramdurg.

At the time of the merger of States, all the buildings which were maintained by the State Public Works Department were taken over by this Department pending final orders of Government in the matter. Accordingly, the Venkatesh temple at Ramdurg which was being maintained by the Ramdurg State Public Works Department was taken over by this Department and is still in charge of this Department. The question of its transfer is still under correspondence between the Collector and the Executive Engineer, Belgaum Division.

2. The Pujari of the temple had requested the Executive Engineer for permitting him to get the said temple electrified from the funds collected privately through the devotees as there is no lighting arrangement in the temple.

3. The matter was referred to the Executive Engineer, Electrical Division by the Executive Engineer, Belgaum Division and the former prepared an estimate for Rs.1,007/- for the electrification of the building.

4. As the building is in charge of this Department, the work may please be administratively approved and the Pujari may be permitted to get the work done through private agency under the supervision of the Electrical Department in accordance with the plan and estimate approved by that Department. The Pujari will be given to understand that the fittings will become the property of Government on completion of the work.

5. As the work will be done under the supervision of the electrical Department, supervision charges will have to be levied. The Executive Engineer, Belgaum Division, however, recommends that as the work is to be carried out from private donations and that too to a temple, centage charges may be waived as a special case. I support the Executive Engineer's proposal and would request Government to issue necessary orders waiving the centage charges.

6. Plan and estimate with necessary certificate are sent herewith.

D.A. 1 Plan.

Please see the S.E, S.C's letter p9

2. The S.E. has submitted for administrative approval the plan and p8 estimate the latter amounting to pp3-6 Rs. 1,007 for electrification of the Venkatesh temple at Randung, in response to the request of the Pujari of the temple. The work is to be financed from the funds contributed by the devotees and is to be carried out by a private agency under the supervision of the E.I. Deptt. Attention in this connection is invited to 'A' on p9 ante.

3. As the work is to be financed from the contributions and is to remain Govt. property the S.E. requests that the centage charges may be waived in this case.

~~4. The S.E's proposal may be approved of~~

4. In the circumstances stated in ~~para 3~~ above adminstrative

approval does not appear to be necessary. The S.E's proposal to waive centage charges may be approved in U.O. consultation with the F.D.

Resubmitted

2/- The S.E, S.C. has submitted plan & estimate by Ishi3-5 the latter amounting to Rs. 1007/- for the work of providing el. installation in the Venkatesh Temple at Ramdurg. The temple ~~—~~ which was being maintained by the Jamn Ramdurg State Govt. is at present in charge of ~~the P.W.D. of the Govt.~~ P.W.D. The question of its transfer to the Govt. is still to be decided finally. The work is proposed to be financed from the private funds collected by the Pujari of the temple. ~~but is~~ and is to be executed through ~~the~~ private agency but under the supervision of the El. Deptt. The p.s.e. are prepared by the El. Deptt.

3/- The bldg. is at present in charge of the P.W.D. & the el. installation is to become Govt. property after completion of the work. Ordinarily the work wd. have been treated as contribution work, if executed through the P.W.D, and 29 1/2% ~~1/2~~ % charges wd. have been levied in that case. In this case the work is to be carried out through the private agency but under the supervision of El. Deptt. As the work pertains to a temple the supervision charges may be waived in this case as a special case after U.O.R. to the F.D.

4/- As the work is to be carried out in

DS(Rs)

3. The statt. at X of the F.D. note 15 dt. 31-5-52, is not correct. The charges proposed to be waived in this case are supervision charges and not agency charges which are at 2½ 1/4 % in case of contribution works. The work is proposed to be carried out by the Rajas thro' a private agency under the supervision of this Deptt. According to para. 9(b)(iii) of Appendix V of the B.P.W.D. Manual, Vol. II, which seems applicable in this case, the maximum supervision charges are 6 1/4 %. The charges thus at

work —

work out to Rs. 63 (approx) and not Rs. 292 as stated in the Fin note of the 15-5-52. According to para. 10 of Appendix V of the B.P.W.D. Manual, Vol II, remission of centage charges in this case is not permissible as the estimate cost (Rs 1,007) of the work exceeds Rs. 1,000/- the limit upto which applns for remission of centage charges, if submitted, are to be considered.

4. In the present case the estimated cost is only Rs. 1,007/- and the amount of centage charges which comes to Rs 63/- is perhaps negligible. This Deptt may, therefore, have no objection to the centage charges being waived as a very special case. If this course is not considered suitable, a grant-in-aid equal to the centage charges may be sanctioned. ~~The party will be given to the party. But in that case, the party has to submit fresh cost for a grant-in-aid.~~

The FD may also see the proc no. BBr 6/DF(2)/52-53/TRI-I dtd 3.7.52

As the work will be done by the Panchayat the work will then be the property of Govt, no supervision charges be levied. Besides, in this case, the supervision by the Elect Dtn will be casual supervision and [illegible] D.O. 977 -7-52 D.S.(2) dt. 5-7-52

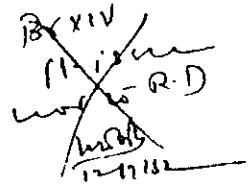
R. D. Branch

The question of according adm. approval to the plan and estimate, the latter amounting to Rs. 1,009/- for providing electric installation in the Venkatesh Temple at Ramdurg is being considered in these papers, which belong to P.W.D. The temple in question is in charge of P.W.D. having been taken over by that Deptt consequent upon the merger of the Ramdurg State together with all the buildings which were maintained by the P.W.D. of the former Ramdurg State Govt. However, the question of its transfer is still under corresp. between the Collr. and the XN, Belgaum, vide para. 1 of



of the S.E. 79 S.C.'s letter on p. 9 ante

3. The expenditure on the work in question is proposed to be met from private contributions and the work is to be executed through private agency but under the supervision of the Electrical Deptt.

4. P.W.D. has proposed to i) allow the Pujaris of the Temple to carry out the work and ii) waive the centage charges amounting to Rs. 63/- on acc. of supervision by Govt. as a spl. case, as the work is to be carried out from private contribution and that too to a temple. If, however, the proposal at ii) above is not suitable, that Deptt. has proposed, ~~that~~ as suggested by A.S. F.D., that the centage charges should be recovered and a grant - in - aid equal to the centage charges may be sanctioned for the Temple. The papers have been referred U.O. to R.D. for remarks on this point, vide P.W.D.'s

15 ante

A

U.O. No. dt. 9-5-52 and 3-7-52.

5. R.D. may not concern itself at this stage with the management of the temple and the consequent question of

of according adm. approval to the plans and estimate especially because i) the question of transfer / ownership of the temple is not yet decided and ii) the temple is in charge of P.W.D. at present. As regards the question of waiving the centage charges for supervision of the work by the Electrical Deptt., P.W.D. may generally agree with the P.W.D.'s proposal at 'A' overleaf, on the understanding that P.W.D. will bear the expenditure on account of the grant-in-aid (by crediting and debiting the relevant amount to the budget heads controlled by that Deptt.)

6. The papers may be passed on to F.D. with this note.

Subject:- Providing electric installation to the Venkatesh temple at Ramdurg.

* * * * *

Reference: Your letter No. B.M. 13, dated 17th March 1952.

2. As the work of providing electric installation to the Venkatesh temple at Ramdurg, is to be financed from funds collected through private contributions and carried out through private agency, administrative approval to the plan and estimate, the latter amounting to Rs. 1,007/- is not necessary. The work may, however, be carried out in accordance with the plan and estimate prepared by the Executive Engineer, Poona Electrical Division and under his supervision.

3. An amount of Rs. 63/- at 6¼% is recoverable as Supervision charge and it cannot be waived in accordance with the rules. The supervision charge should therefore be recovered. A grant-in-aid equal to the [redacted] centage charges is hereby sanctioned.

4. The charge should be debited to the budget head "50-Civil Works-State-Grant-in-aid-Ordinary" and should be met by reappropriation from the grants placed at your disposal for the current year under the head "50-Civil Works-State". Necessary reappropriation statement should be submitted to Government in due course, for approval.

5. The plan and estimate received with your letter under reference are returned herewith.
